Aftermatch returns to the downstairs club at Gramophone on Sunday 8th January with select flavours in minimal music.

Special guest of the night is Mindlobster. The London based artist is celebrating his forthcoming release on after-dinner.net with an audio-video live performance. His music consist of numerous samples of vintage electro sounds, blended into a very upbeat danceable performance. Visit www.mindlobster.com for samples of his work.

A second live set is presented by Alex Fisher. The after-dinner.net label co-owner combines minimal techno with elements of acid house and electro.

The DJs Daniel Cozta and Russell Skellon are representing the Brazilian Motronic collective - a Sao Paulo based promoter group. Further on the bill the local DJs Ben Rourke from Digital Beanbag, Chris Box from Run, Pascal Opitz and the Aftermatch co-host Andy Sparks - all spinning tunes within minimal techno, click house and glitch.

Aftermatch kicks off 4pm, no half time, final whistle at 11pm - sharp. **Entry is free for all.**
